The study was conducted for CNN via telephone by SSRS, an independent research company. Interviews were conducted from March 22, 2018 to March 25, 2018 among a sample of **1,014** respondents. The landline total respondents were **408** and there were **606** of cell phone respondents. The margin of sampling error for total respondents is +/-3.7 at the 95% confidence level. The design effect is 1.42. More information about SSRS can be obtained by visiting www.ssrs.com. Unless otherwise noted, results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from surveys conducted by ORC International. Results before March 31, 2006 are from surveys conducted by Gallup.

**EMBARGOED FOR RELEASE:
 Monday, March 26 at 4:00 p.m.**

53 West Baltimore Pike, Media, PA 19063
 484-840-4300 www.ssrs.com

And on a different topic...

Q23. As you may have heard, two women are currently pursuing lawsuits seeking to nullify agreements they made which prevent them from talking about any relationships they may have had with Donald Trump. Both women received monetary compensation as part of the agreement. Do you think those women should be free to talk about any relationships with Donald Trump, or do you think the agreements should remain in place?

	Should be free to discuss relationships	Agreements should remain in place	No Opinion
March 22-25, 2018	51%	41%	8%

Q24. In reports before the agreements were put into place, both women have said that they had relationships with Donald Trump which were sexual and occurred during Trump’s marriage to Melania Trump. Donald Trump has denied any sexual relationship with these two women. In general, do you believe the women, or do you believe Trump?

	Believe the women	Believe Trump	No Opinion
March 22-25, 2018	63%	21%	16%

484-840-4300 www.ssrs.com

MORE ON METHODOLOGY

A total of 1,014 adults were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Interviews were conducted in English and Spanish. Among the entire sample, 29% described themselves as Democrats, 25% described themselves as Republicans, and 46% described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Results for the full sample have a margin of sampling error of +/-3.7 percentage points. For the sample of 913 registered voters, it is +/-3.8 percentage points.

Crosstabs on the following pages only include results for subgroups with enough unweighted cases to produce a sampling error of +/-8.5 percentage points or less once adjusted for design effect. Some subgroups represent too small a share of the national population to produce crosstabs with an acceptable sampling error. Interviews were conducted among these subgroups, but results for groups with a design-effect adjusted sampling error larger than +/-8.5 percentage points are not displayed and instead are denoted with "N/A".

CNN/SSRS Poll -- March 22, 2018 to March 25, 2018

TABLE 061

Q23. As you may have heard, two women are currently pursuing lawsuits seeking to nullify agreements they made which prevent them from talking about any relationships they may have had with Donald Trump. Both women received monetary compensation as part of the agreement. Do you think those women should be free to talk about any relationships with Donald Trump or do you think the agreements should remain in place?

Base: Total Respondents

	Total	Men	Women	White	Non-white	Trump ap-prove	Trump disap-prove
